

Gianpaul Rachiele

718-344-4779 | gianpaul.rachiele@gmail.com | [GitHub](#) | [Medium](#) | www.gianpaulrachiele.com

Full stack web developer with experience in Ruby and JavaScript based programming and a background in linguistics. I bring strong skills in critical thinking, pattern recognition and cross-functional collaboration.

TECHNICAL PROJECTS

Tekcít - [GitHub Repo](#) | [Demo](#)

Show a list of movies and showtimes at theaters near the user.

- Built a login portal, using Ruby on Rails, that allows users to create accounts and save their information.
- Created a frontend flow, with Ruby on Rails and Semantic UI, to populate theater locations and showtimes.
- Developed a database with Ruby on Rails to store user information.
- Constructed an interactive front end using Ruby on Rails and Semantic UI for styling

Todo Trackr - [GitHub Repo](#) | [Demo](#)

CLI App that tracks tasks user has set for a date/time and allows sharing tasks with users with local weather included.

- Created a CLI using Ruby, that stores information in Ruby objects and fetches current local weather from an API.

SubjectTutor - [Frontend GitHub Repo](#) [Backend GitHub Repo](#) | [Demo](#)

An application that allows students/tutors to connect.

- Built a login portal, using React for the frontend and Ruby on Rails for the backend, to authenticate users.
- Used the Virtual DOM in React to dynamically render pages without a hard refresh, to decrease page load times.
- Utilized a PostgreSQL database, through Ruby on Rails, to save and populate user information.
- Created a dynamic frontend, using React and Semantic UI-React, to show user preferences.

TECHNICAL SKILLS

Ruby, Ruby on Rails, JavaScript, React, Redux, Python, Agile Development
